## Bio:

I began my artistic journey at the age of 4 in a musical theatre group in São Paulo and performed with that group until I was 10. After moving to Portugal, I focused on my academic studies, but later rediscovered my passion for theatre in 2022. Since then, I have pursued my studies in dramatic arts and have actively taken part in both stage and audiovisual productions.

## Professional Experience:

*Atlas Penafiel, Portugal | March 2025*  
*Trigger of Happiness | December 2024*
